## New Orleans School Boycott Slips Slightly

15 White Students Attend Classes at Integrated Building

NEW ORLEANS (AP)—The boycott of an integrated elementary school weakened a bit more today with 15 to 17 white pupils turning out for classes.

They showed up at the William F. Bentz School where one Negro girl is enrolled in the first grade. The previous high white attendance, since the school was integrated by federal court order, was the 10 who went to classes Friday. There are 500 enrolled. Jers and taunts from women demonstrators greeted the white children and the Negro girl met a chorus of boos when she arrived.

"You're as black as they are," shouted one woman at the white children.

"Nigger lover," yelled another. At McDonogh No. 19, the other school integrated on Nov. 14, only the three Negro girls in the first grade entered the building today. Its enrollment was 500.

However, police patrols at the school were enlarged amid reports that white pupils would break the McDonogh boycott today.

The Louisiana Legislature gave quick approval Sunday to a bill providing state aid for pupils who prefer to attend private schools. The legislature, despite a federal court order not to interfere with the operation of New Orleans schools, is bent on preserving segregation.

Moving quickly to meet the expected demand for private schools, volunteer workmen rushed repairs Sunday on a building in suburban Arabi to be used for some of the white students boycotting the two schools.

C. E. Vetter, businessman, said so many workers showed up at the building that some had to be turned away. Registration at the private school was scheduled today and Tuesday. Classes were expected to start Wednesday.

In addition to providing an alternate school system the legislature approved resolutions designed to prevent banks from handing over school funds to the New Orleans School Board.

The lawmakers earlier tried to oust the board but U.S. Dist. Judge J. Skelly Wright overturned that action and numerous segregation measures.

Wright set a hearing for today for the banks to show cause why they should not be enjoined for refusing to honor school board checks.

One of the latest legislative resolutions sets up a new school board with authority to borrow the annual \$12 million needed each year until school tax money becomes available. Gov. Jimmie H. Davis signed the resolution Saturday. Two citizens immediately obtained a restraining order, allying the new effort to oust the school board is unconstitutional.

## Coast Guard Plucks 17 Off Stricken Ship

TRAVERSE CITY, Mich. (AP)—Coast Guardsmen plucked 17 men from a stranded ship Sunday, but the 14 crewmen of the Francisco Morazan ran into new problems with U.S. immigration officials.

The icebreaker Mackinaw, which had been standing by since shortly after the 246-foot freighter hit a reef off South Manitou Island Tuesday night, took off the captain, 13 crewmen and three insurance agents.

The Mackinaw pulled into Grand Traverse Bay around midnight and anchored off shore. Immigration officials were expected to check the crew.

The Coast Guard said it did not know when an attempt would be made to salvage the Liberian freighter and its 900 tons of general cargo. The Morazan, which ran aground in a storm, had pounded badly on the rocks and torn holes in the bottom.

The wife of the Greek captain, Edwards Trivizas, was removed Thursday. She is expecting a child.

T. R. Martinez, an immigration official from Detroit, said six of the ship's crew, which is made up of Spaniards, Cubans and Greeks, could be deported. He said the action was requested by Chicago immigration officials.

AT CAP DINNER — Top picture (l. to r.) Ohio Civil Air Patrol Wing Commander Col. Robert Herweh of Cincinnati, Erma Kaminski and Larry Cope, who were named "outstanding cadets"; Col. Paul E. Evans of Canfield, Group 3 commander, and Paul Howard, Salem squadron commander. Bottom photo (l. to r.) five of seven pilots who were recognized for their service to CAP during the year: Don Paddon, Jr., Don Stapleton, Lemuel Anderson, Joe Sox and Fred Paddon. The other two, George Conrad and Kermit Riffle, were absent when picture was taken.

## Anniversary Observed By Civil Air Patrol

Members of the Salem Composite Squadron 302 of the Civil Air Patrol, joined other squadrons of Group 3 in celebrating the CAP's 19th anniversary at a dinner meeting Saturday night at Dublin Grange hall near Canfield.

Forty-nine members of the local

unit were among the 150 attending. Guest speaker was Col. Robert Herweh of Cincinnati, CAP Ohio Wing commander, who commanded Group 3 members for their unselfish service in carrying out the aims and objectives of the Civil Air Patrol.

Squadrons represented were from Salem, Alliance, Warren, Youngstown and Steubenville, all members of Group 3.

Flight training scholarships awards were presented to two outstanding members of the Salem organization, Miss Erma Kaminski and Larry Cope.

Special insignia jackets were presented to local pilots who have assisted in Civil Air Patrol operations during the past year and these went to Lemuel Anderson, George Conrad, Kermit Riffle, Don Paddon, Jr., Don Stapleton, Joe Sox and Fred Paddon.

Col. Victor Lang of Cleveland was toastmaster for the program.

Paul M. Howard is commander of the Salem Squadron of the Civil Air Patrol, which was formed April 19, 1958, and is composed of 16 seniors and 16 cadets. The senior group teaches the cadets fundamentals of aviation and leadership, while the group as a whole assists in local emergencies and searches for missing aircraft.

The Salem CAP unit meets every Wednesday at the Home Savings & Loan Co. building and maintains its radio equipment at the H. & E. Airport on the Ellsworth Rd. Boys and girls interested in joining are asked to attend any Wednesday meeting.

The dinner and gift exchange were held at Petrucci's Restaurant. The steak dinner was donated by Mrs. Anthony Petrucci.

The names of the children and their needs were provided by the Red Cross. Proceeds from the recent Snowball Dance provided funds for the gifts, in addition to individual gifts purchased by the members. Santa Claus was present by Dr. R. T. Holzbach.

William Lewis was chairman of the event, assisted by John Stoltz, Russell Loudon, Howard Smith, Edward Butcher and Arthur Herren. The following Jaycee-ettes assisted Mrs. Petrucci: Mrs. William Lewis, Mrs. Edward Butcher, Mrs. Jack Smith, Mrs. Russell Wagner, Mrs. Bruce Wilson, Mrs. Charles Tomlinson and Mrs. Charles Ward.

His topic was "The Sparkling Fountain."

Tied for second place were Marjorie Denny of RD 2, Salem, "The Point of Peace," and Patty Capel, Salem RD 4, "Create Great Peace."

Ruth Lemley of Lisbon previously won the county Prince of Peace essay contest. Miss Lemley and Baltputnis each received a silver medal and are eligible to represent the county in a district contest Jan. 8.

Mrs. D. M. Fadely will discuss progress made in helping local and district victims of multiple sclerosis when she speaks at the Rotary Club luncheon meeting Tuesday at the Memorial Building. Robert Davis is program chairman.

Plans for the annual Christmas party for crippled children will be announced by Earl Miller, committee chairman.

## 2 Die In Flaming Plane Crash In Suburban Parma

Craft Just Misses Houses; Investigation Ordered Into Mishap

CLEVELAND (AP)—An advertising executive and the head of an airplane charter sales firm died Sunday in the flaming wreckage of a two-engine plane which crashed in a backyard in suburban Parma.

Blazing gasoline from the wreck sprayed two houses, two cars parked in a driveway and a garage, causing total damage estimated by Fire Chief Robert Koch of Parma at about \$10,000. But no one on the ground was injured.

An investigation has been ordered by the Civil Aeronautics Board to determine what caused the nearly new five-passenger Beechcraft to go into a steep, spinning dive over the closely built-up residential area about seven miles east of Cleveland Hopkins Airport.

The plane took off from Cleveland Hopkins on a short hop to Cuyahoga County Airport in Richmond Heights. At the controls was John J. Duffy Jr., 35, president of an advertising agency which purchased the aircraft two weeks ago.

Killed with Duffy was Clay J. Donges, 42, head of Sundolph Aeronautical Corp., which bought

the plane a few months ago and sold it to Duffy. Donges, a veteran of more than 10,000 hours of flying, was helping Duffy familiarize himself with the plane, which Duffy planned to fly to New York Wednesday.

A half-dozen youngsters playing touch football in the 3400 block of Heresford Drive just before dark scattered when they saw the white plane falling.

Inside the John S. Rundek house at 3435 Heresford Drive, the Rundeks were entertaining company. Their kitchen was crowded when the plane roared down less than 20 feet outside the kitchen window. It tore a four-foot-deep hole in the ground. One wing clipped the garage and another hit one of two cars parked in the driveway.

The wreckage piled up in the yard next door, that of Chester J. Stanley, who with his wife and two children had gone to visit his mother.

Rundek said "we were sitting

at the kitchen table—my wife and the two kids, my brother-in-law and his two kids. We heard this terrific explosion and lunged for the living room. We almost knocked over the table.

"I looked outside and saw the car in flames. It was a big red ball of fire. I didn't know what had happened, and I wasn't going to wait to find out."

The steepness of the plane's drop was evidenced by the fact that utility wires at the rear of the plane were not broken.

An eyewitness, Peter Olejar, 17, said he saw the plane spinning down and ran to help.

"It went up in a big whoosh, and it was burning so I couldn't get near it," Olejar said. "The front was all mashed up. I saw two men. One was waving his arm to get out somehow, and then he slumped

face down on the ground."

Flight training scholarships awards were presented to two outstanding members of the Salem organization, Miss Erma Kaminski and Larry Cope.

White Residents Being Mistreated

## Lumumba Henchmen Clamp Dictatorship In Stanleyville

LEOPOLDVILLE, the Congo (AP)—Henchmen of Patrice Lumumba clamped a Communist-style dictatorship on the city of Stanleyville today.

Angered at the capture of the deposed premier they let loose their fury on whites trapped in his northeastern stronghold as a reprisal. Whites were barred from entering or leaving Oriental Province.

U. N. reports said numerous white residents of Stanleyville were being mistreated by the military police under control of the local government headed by Antoine Gizenga, vice premier in Lumumba's defunct Cabinet and a strong leftist.

Caught 500 miles east of Leopoldville by Congolese army commander Col. Joseph Mobutu's troops, he has been brought back to face trial on charges of inciting the army to mutiny during the chaotic days after independence.

Western diplomats said they

had definite information that the Soviet bloc and several Asian-American nations were planning to recognize a Lumumba administration in Stanleyville as the Congo's right-wing government had got away out of reach of Mobutu's troops.

Mobutu told newsmen he plans to extend the life of his provisional government of college graduate commissioners until the Congo's feuding politicians can agree on a stable government.

When he installed the commissioners on Sept. 14, he said they would act as a caretaker government until the end of the year.

## Europe Digs Out After Storm

Britain Bears Brunt Of Vicious Weather

LONDON (AP)—Northern Europe today began cleaning up after a violent weekend of raging storms and floods which spread death and destruction.

Britain bore the brunt of the storm, which sent rivers and floodwaters crashing through the countryside.

More rain is expected and many areas, especially in Britain, still face serious flood threats.

Some rivers in Britain's West Country and Midlands were expected to crest today.

The storm, climaxing the wettest autumn for Britain in more than 100 years, punched at the island with 80 m.p.h. winds.

Forty counties were flooded and Wales virtually was cut off from England.

Hundreds of marooned men, women and children were taken to safety by volunteers who toiled into the early morning hours.

In eastern Holland, three flooded towns were evacuated. The area covered by lakes in Friesland was almost doubled. In Amsterdam, windows were blown in and trees were uprooted.

In Hamburg, many roads were under water. The storm lashed furiously at the French coast. High seas disrupted ferry service between Denmark's scattered islands.

The dinner and gift exchange were held at Petrucci's Restaurant. The steak dinner was donated by Mrs. Anthony Petrucci.

The names of the children and their needs were provided by the Red Cross. Proceeds from the recent Snowball Dance provided funds for the gifts, in addition to individual gifts purchased by the members. Santa Claus was present by Dr. R. T. Holzbach.

## Churchmen React Favorably To Protestant Reunion Plan

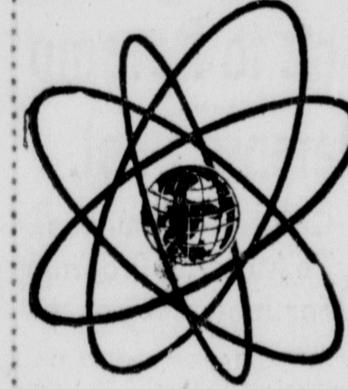

SAN FRANCISCO (AP) — Lead the National Council of Churches. More than 3,000 representatives of 33 Protestant and Orthodox denominations with 40 million members joined Sunday night in the stirring opening services.

The plan, said Methodist Bishop John Wesley Lord, of Boston, "is as shocking as it is Christian."

"It overcomes with stark simplicity many of the problems that have perplexed the separate communions over the years."

The plan, at the outset, would embrace the Episcopal, United Presbyterian, Methodist and United Church of Christ with other denominations subsequently invited to join.

The provocative formula was offered Sunday by a top-ranking Presbyterian, the Rev. Dr. Eugene Carson Blake, of Philadelphia, shortly before the start of the triennial General Assembly of

### Man Faces Charge In Fatal Shooting

XENIA, Ohio (AP) — Authorities say David Klonz, 31, of nearby Cedarville, will be charged with first-degree murder in the shotgun slaying of a Clark County man who reportedly twice beat up Klonz in fist fights.

The victim, Marvin T. Toner, 30, of Medway, was mortally wounded Sunday when struck in the head by a single charge from a 12-gauge shotgun.

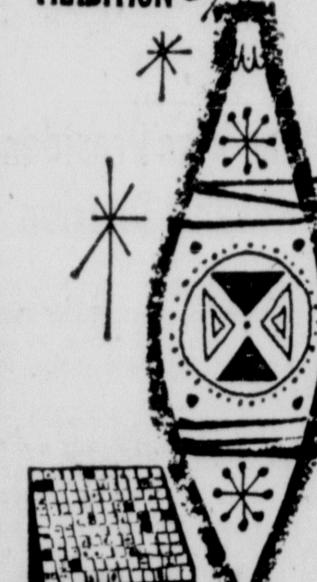

The shooting occurred outside the home of Toner's brother, Lawrence, near Cedarville, a few hours after Klonz and the victim engaged in a fight in the VFW club parking lot in Medway. What precipitated the fight was not known.

But Sheriff Russell A. Bradley said Toner got the better of Klonz in the brawl — just as he apparently did in another fight two years before when Klonz threatened to get even.

After the parking lot episode, the sheriff went on the two men, together with Toner's brother and Klonz's wife, Helen, 28, drove to the brother's home.

As they got out of the car, the sheriff said, Klonz allegedly picked up the victim's shotgun from beneath the seat and fired a blast at Toner, who died 20 minutes later.

## U.S. Scout Rocket Plunges Into Sea

WALLOPS ISLAND, Va. (AP) — A 72-foot Scout rocket and the inflatable satellite it was to have put into orbit lay under deep water 80 miles off the Virginia shore today after the failure of the first major space shot attempted from this test center.

Although the vehicle cost more than \$750,000, there will be no attempt to recover any part of it.

Officials said it would be almost impossible to locate. Even if the bits of wreckage could be found, they would shed little additional light as to the cause of the failure.

Instead, the National Aeronautics and Space Administration planned to analyze carefully the radio telemetry information and camera and radar coverage of the few short minutes of the flight Sunday.

The 36,620-pound, four-stage research vehicle roared aloft at 4:14 p.m. and climbed beautifully for the 44 seconds of first stage burning. But the second stage failed to ignite and the rocket plunged into the ocean.

All four stages of the Scout rocket use solid propellants, and this was the first attempt to launch a satellite with such a vehicle. No date has been set for a follow-up effort.

It had worked as planned, the inflatable satellite, 12 feet in diameter, would have orbited for a few weeks to perhaps a year, giving useful information as to the amount of drag resistance that exists against large uniform surfaces, at orbital altitudes.

### With The Patients

J. E. McKibbin of 317 Woodland Ave. is a surgical patient in Mercy Hospital, Canton.

Among the Bantu of South Africa, the cost of an attractive wife of good family has reached the equivalent of \$500 or \$600.

Steelmen are hoping for moderate gains in at least two product areas—sheets and oil country goods. Prospects in those areas seem good, the magazine said.

Steel product exports in September were down 1,200 tons to 226,000 net tons. Said Steel:

"If the September trend continues, the U. S. will have another foreign trade deficit in steel this year, with imports exceeding exports by about 300,000 tons. Last year's deficit was nine times that amount."

### Andrew Myers to Mark 99th Birthday Tuesday

NEW WATERFORD — Andrew Myers, father of Robert F. Myers of New Waterford, will observe his 99th birthday Tuesday at the home of a daughter, Miss Hazel Myers of Sebring, where he now resides.

A native of McConnellsburg, Pa., he is a former resident of East Palestine where he was a butcher. At one time he owned a milk route in Pittsburgh. His wife, the former Leora Court, died in 1944.

He also has another daughter, Mrs. Violet Crowl of Sebring. Two cousins are Mrs. Kitty Hinley and Miss Nettie Fox of East Palestine.

### Snow Tire Stolen

LISBON — Sheriff's deputies are investigating the theft of a 710x15 winter tread tire taken sometime last evening from a car belonging to Steve Gbur of West Point, which was parked in front of his home.

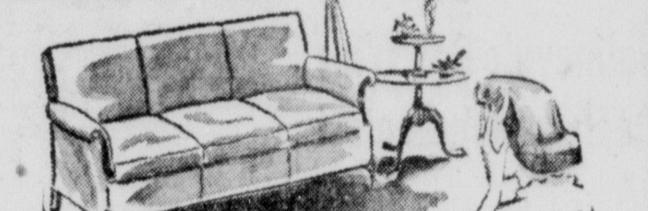

The Abominable Snowman of the Himalayas was first reported by Col. Howard Bury in 1921. Bury, leader of a Mount Everest reconnaissance party, said he came across a track that "looked like a human foot."

As they got out of the car, the sheriff said, Klonz allegedly picked up the victim's shotgun from beneath the seat and fired a blast at Toner, who died 20 minutes later.

## New High-Bond Mortar Being Tested After Long Research

### WHAT'S NEW?

After five years of research, a new high-bond mortar is under development which it is claimed could reduce clay masonry walls to half their current thickness and provide even greater structural strength. A full-scale program of field testing in a wide variety of walls is under way. The plan is to present the data to national code authorities for approval of the higher allowable stresses for clay masonry that engineers say appear practical through this mortar development. The project has been a joint effort of a leading manufacturer of chemically engineered building products and the Structural Clay Products Research Foundation, which is the research arm of the brick and tile industry in the United States and Canada.

### A RESIDENTIAL VERSION

of a commercial acoustical-aluminum ceiling has been introduced for the do-it-yourselfer. It's a suspended ceiling system, assembled from interlocking "tee" members on a two foot-by-two foot, or two foot-by-four foot module. Tabs on the ends of the intersecting tees are locked into place with a special tool to assure rapid assembly and high tool strength. A perforated strap suspends the aluminum grid from any existing ceiling. Panels are then dropped into the modules to complete the project. Provisions for light fixtures are also designed into the system.

A FAR MORE AMBITIOUS do-it-yourself project is offered by a pre-cut home manufacturer. It's a home package, with all the components squared or grooved as in furniture construction. No measuring or marking is needed. Everything fits into place. Joints, window openings, ridges, rafters, etc.

## Reroofing Job Can Be Done In Winter

Home owners today needn't wait until spring for a new roof if they discover their old one has given out in the dead of winter.

A new roof of asphalt shingles can be applied in winter in most parts of the country, thanks to skilled application techniques and the versatility of the roofing material itself.

There are, in fact, even a couple of distinct advantages to reroofing in winter.

1. Roofing contractors generally are less busy. They can do the job at the homeowner's convenience, and will be less rushed, resulting in the small measure of extra care that provides a perfect roof.

2. The house gets immediate protection from the dangers of ice dams when asphalt shingles are applied by a reliable contractor.

Ice dams form in gutters in cold weather, blocking the flow-off of water from snow and ice melted by heat from inside the house. This water backs up under old or improperly applied roofing material and drips through decking boards into the house.

A proper application of asphalt shingles avoids this leakage with a flashing strip of heavy-duty asphalt roll roofing 36 inches wide applied along the entire length of the eaves. When water backs up under the shingles, this flashing strip keeps it from leaking into the house.

## Credit Where It Is Due

The American Heritage Foundation has added its voice to the praise which comes regularly to Ohio for its election laws.

The foundation's congratulatory message, delivered to Secretary of State Ted W. Brown, cited two particular aspects of the recent presidential election: the nonpartisan voter registration campaign and the new law which permits newcomers to Ohio to vote for president and vice president after only 40 days' residence in the state.

More than 8,000 new Ohioans took advantage of the latter provision this year. They are persons who, before 1960, would have been barred from taking part in the decision on the presidency only because they had moved from one state to another. If they had moved to all but two other states, they would have been disfranchised even in 1960.

Ohio SET the example in this matter, and so far only California and Missouri have taken similar action. But Secretary Brown is working through the National Association of Secretaries of State to bring a general end to the disfranchisement problem that has been called a national disgrace in this age of mobility.

Therein lies a clue to what has given Ohio its reputation for excellent election laws. They are held in respect and taken seriously. They

deal with a subject considered to be of dynamic importance, as democracy itself is dynamic in its best forms.

There is a constant effort in Ohio to keep election laws not only free from abuse but also up to date. When improvements are needed, they are made. When attempts are made to tamper with election provisions that work well, the attempts are rebuffed.

Good as they are, the laws on elections are never considered to be perfect. One proposal for change that is being discussed more and more is to expand registration requirements.

STATEWIDE REGISTRATION may not be feasible because of the cost to small, rural counties which get along well without registration, but there are sound arguments for doing away with situations where part of a county registers its voters and another part does not.

A requirement for countywide registration where partial registration already exists seems to be in order.

Whatever improvements should be made, however, Ohio takes a back seat to no state for the election laws it now has.

In the face of reports of the goings-on in Illinois and other states, Ohioans can be proud of their record.

## Experience Teaches a Hard School

It is being recalled about the late Donald R. Richberg, who earned a name for himself as one of the legislative authors of the New Deal era that he lived to regret some of his earlier ideas.

One of his great changes of heart was about the series of laws that gave labor unions in this country sweeping and unnatural power over things that never should have been put within their reach.

Before his death, Mr. Richberg had regretted his own part in drafting the Railway Labor Act of 1926 and the Anti-Injunction Act of 1932. He realized that these and other laws passed during the early New Deal years gave the American labor movement more power than it was capable of handling wisely.

He recanted, also, on government spending, social security and wage-and-hour laws, which he once supported. He turned against farm price supports and public housing.

This is one of the perplexities of the kind of

## Help a Child to Smile

You can gladden the heart of some unfortunate child this Christmas if you respond to the appeal of the Allied Veteran Council for used toys and games.

The veterans, assisted by the Rod Angels Club, are repairing all toys at their workshop at the corner of State and Broadway so that they will be as good as new, come Christmas Day.

A number of persons have responded with usable articles for boys and girls but Santa's pack may have to be a bit heavier this year so, consequently, additional gifts are needed.

The men at the workshop are doing a charitable, spirit-filled job but they need the public's wholehearted support. Even one little gift will bring a big smile on some child's face Dec. 25.

Transition conference between Ike and Jack could run like this:

Ike: Welcome to Dante's Inferno.

Jack: Oh, it can't be as bad as that.

Ike: You'll find out. It saddens me to see a man so young has to suffer in a job like this. How old are you?

Jack: I was 44 when nominated but I have aged fast since and have moments when I feel 100. You know how it is.

Ike: I surely do. When I took over the White House I felt as vigorous as Gen. Eisenhower.

Jack: Why not? You really WERE Gen. Eisenhower.

Ike: Only for the first few weeks. This job can change Baby Snooks into Old Man River. Well, let's get down to business. You are heir to this job and I am leaving you everything.

Jack: Does it include all those commissions and committees?

Ike: You get everything in the inventory of national and global problems. It shouldn't happen to a dog. I am also leaving you my enormous collection of world maps but you will need new ones as they change weekly. Even Rand and McNally get behind in their geographic knowledge.

Jack: I hear McNally no sooner definitely maps one African state than Rand rushes in with the news it has been split three for one.

Ike: I've an idea. Before we go over all the problems let's take a coffeeless coffee break.

Ike: We just take aspirin and tranquilizers.

Jack: By the way, are there any new troublous spots?

Ike: I haven't checked over the past 20 minutes.

Jack: How is the gold crisis?

Ike: Fort Knox still stands, and I hope you will be able to convince the world that it is not a Las Vegas slot machine.

Maybe its convention should open with a heart test to prove it has such an organ.

Yale has ended a 40-year study of alcoholism and asked Yale Center of Alcoholic Studies to "find a new affiliate and location." Well, 40 years studying the alcohol problem shows plenty of persistence and should entitle anybody to quit when ahead or in dead heat. Opportunities for alcoholic studies are not what they used to be in New Haven. In the city reconstruction, streets which had three and four saloons to a block have disappeared and a guide is necessary for anybody who wants to study the alcoholic situation.

Bus loads of notorious mobsters rounded up in convention of underworld characters in Apalachin, N. Y., have been set free. Court holds there is no proof the boys didn't converge to promote outdoor barbecues, horse-shoe pitching, small talk and national welfare. The only sure way to keep out of jail these days is to have a record for big-time criminal exploits.

## "The Moon Was Easy---I Wish I Could Leap the Surpluses"

## Who Won In Texas?

By RAYMOND MOLEY

THE OPPORTUNITY that this absurd requirement would offer for mistakes by careless or ignorant voters is obvious.

Obvious, too, is the wide opportunity for election officials to throw out ballots, either because the election officials were deliberately intent upon favoring one or the other candidate or because of slovenly haste in getting the job done and the small fee earned.

But this election has revealed some grim facts about its electoral system, the reform of which should be its next order of business. Some of these pertinent facts have been brought out by the Houston Chronicle since the election.

In order to prevent mistakes and fraud, the state law requires that all ballots mutilated or defaced or on which no determination of the intention of the voter could be made — in short, all ballots not counted — should be put in a separate ballot box, Number 4.

The law further requires that the presiding judge at the polling place should write and sign a statement containing the number of ballot papers he had at the beginning of the voting, the number which were not used, and the number not counted because of defacement or invalidity.

The voter was expected to cross out all the names of candidates he did not want to vote for. And he was supposed to go through the list of candidates in order, leaving only those whom he preferred.

In this check of 11 counties, the Houston Chronicle found that some of the county clerks had no Number 4 ballot boxes and some said that they did not know of any such requirement for such ballot box.

Clearly, the law had been generally disregarded. This meant that in the counties checked by the Chronicle, thousands of ballots were not accounted for.

Apparently, the "commissioners court" in the counties never bothered to check the results unless there was a demand for a recount.

The law further provides that a canvassing board consisting of the governor, the secretary of state and the attorney general shall be the court of appeal in contested elections.

In this case, the Republican state chairman went before the state canvassing board and asked for an investigation.

His appeal was rejected. At the moment, it is intended to appeal to the Federal courts.

An estimate made by responsible Texans is that from 100,000 to 150,000 ballots were actually cast which have not been accounted for. Since Kennedy carried the state by less than 50,000, these lost, strayed, and forgotten ballots may have changed the result.

This instance of the complication of the ballot, the method of marking it, the complicated requirements of the law and the ignorance of the officials with the responsibility of counting and checking the votes was probably not present in a majority of states. But evidence is mounting that not only in Texas but in many other states there is need to bring election machinery into some degree of approximation with other features of modern life.

This instance suggests something almost as primitive as Dickens' account in his *Pickwick Papers* of the Eatanswill election.

Now THE FACT is that the U2 flights had been going on for four years as a means of protecting the American people against surprise attack.

All members of the Senate Foreign Relations Committee, in their report last June, unanimously agreed that the Soviet government "had been aware of these overflights during this time" and had never made a protest.

It is also a fact that the Soviet government debated for a week after the Powers incident whether to make an issue of it and re-

## One-Sided Exposition

### NBC Report on U2 Did Not Give Whole Story

The National Broadcasting Co. did an extraordinary and unprecedented thing last Tuesday night when it put on for an hour an editorial in the form of a television program called a White Paper, which denounced the Eisenhower administration's record in the U2 episode.

There was, however, no official statement to that effect but only the impressions gained by reporters and inferences drawn.

Moscow, of course, drew similar inferences.

This is a sorry way for the government of the Soviet Union to act — to assume that newspaper reports and inferences are the same thing as an official statement by the United States government.

The NBC David Lawrence has a right to editorialize, just as does any newspaper or magazine. The rights of radio and TV are fully protected by the free press provision of the Constitution.

But how will the tens of millions who watched the show ever get the other side? Will equal time now be given on television to members of Congress to analyze and explain the controversial issue itself and, indeed, to point out how in some respects at least the NBC report did not give the whole story to the people?

The NBC said that "now that the passions and partisanship of an election year have subsided," the decision had been made to "retell and reexamine the story."

AS SEN. WILEY pointed out, Mr. Khrushchev had other reasons for wanting to wreck the summit conference.

Many government officials here have expressed amazement at NBC's one-sided account of what happened in the whole controversy. They mentioned the criticism New York Times, who, after describing the excellent pictorial display, wrote in part:

"But the larger purpose of the presentation manifestly was to excoriate the Eisenhower administration . . . rarely, in fact, has a TV network been so specifically critical of Washington officials."

What the NBC and others, moreover, have claimed to be "lies" were in certain respects merely the usual diplomatic evasions about a delicate subject. Thus, to this day, law experts insist that when a press officer at the State Department said "there was no deliberate attempt to violate Soviet air space and here never has been," he was not telling a "lie" as the NBC White Paper insists.

The truth is that the United States government has long been urged to take the position that overflights, at great heights are no more a violation of sovereignty than are the journeys of the Sputniks and satellites.

THE U2 was an unarmed plane. It did not intend to land in the Soviet Union but to fly over it. For years to come it will be debated whether the involuntary landing of the plane constituted a deliberate or accidental violation of Soviet sovereignty.

Nowhere in the NBC report given to the television audience was there any mention of the opposing view, which was quoted at length in these dispatches on Aug. 18.

The quotes were from a speech by Spencer M. Beresford, special counsel for the House Committee on Space and Aeronautics, delivered on Aug. 16, 1960, at Stockholm before the annual Congress of the International Astronautical Federation. He said:

"There are persuasive reasons for challenging the view that the U2 flights over Soviet territory were violations of international law."

Now THE FACT is that the U2 flights had been going on for four years as a means of protecting the American people against surprise attack.

All members of the Senate Foreign Relations Committee, in their report last June, unanimously agreed that the Soviet government "had been aware of these overflights during this time" and had never made a protest.

It is also a fact that the Soviet government debated for a week after the Powers incident whether to make an issue of it and re-

## From Our Readers

To Stop Traffic Deaths

All that is required to stop traffic deaths is strict enforcement of the law! Our enforcement officials are entirely too lenient. They become more and more lax with each passing year.

Next they permit coal trucks, nearly always overloaded, to run as fast as desired by their operators — which is as fast as their engine will pull them — rushing down grades and around blind curves at outrageous speeds in order to make it up the next hill; when if any other vehicle or obstruction should happen to be there, they simply could not stop.

Enforcement officials should have it understood by all that violation of speed simply cannot and will not be tolerated.

If it is, say 10 miles from one town to another, and the posted speed rate makes it a 12-minute drive, any driver arriving before the elapsed time should be detained until the time has elapsed — warned or fined, or both. It should be made clear to all officials that the highways were not built for speed demons.

## Inside Labor

By Victor Riesel

If some of the nation's most influential labor leaders had their way, John F. Kennedy would not fire at least one of Dwight D. Eisenhower's Cabinet. These union chiefs, highly respected by the President-elect, would like him to retain Secretary of Labor Mitchell in office. This I learned when I polled the policy makers in labor's high command on whom they would like to see sitting at the big table with Jack Kennedy. I polled 10 of labor's high command. They wanted to remain anonymous because they would not want the public or Mr. Kennedy to believe they were pressuring him. But virtually all of them believed that Jim Mitchell had been "the best labor secretary we've ever had." They agreed that "Jim" would lend the "perfect" bi-partisan touch to the new Cabinet.

"We couldn't find a better Republican," one internationally famous labor chief said. "Jim Mitchell would be persona grata with the labor people. He'd have the backing of the traditionally conservative building and construction unions as well as all but one of the old CIO outfits.

"He has always been realistic and sympathetic. When we went to him, as often we did, he responded in labor crises.

"He helped us in steel. He helped us on the agricultural workers' front.

"He did all this without ever going overboard, however, against businessmen."

ANOTHER UNION LEADER recalled a now-forgotten testimonial banquet which brought President Eisenhower and AFL-CIO high command together for the last time. That was on last June 29. They came to honor Mitchell. Many have said since, that the Republicans would have done better in the national election if the GOP had honored their labor secretary by coupling him with Richard Nixon on the national ticket. That banquet, it was pointed out, was arranged by Arthur Goldberg, and electrical brotherhood secretary Joe Keenan.

Few men are closer to Jim Mitchell than these two. Few labor men are closer to John F. Kennedy than these two.

There is no doubt that Arthur Goldberg could have any one of two Cabinet posts, perhaps three. As of the moment he prefers to stay in the kitchen cabinet rather than take an official post.

There is no doubt that Mr. Goldberg would enthusiastically endorse Mitchell if the President-elect should consult the lawyer on the matter.

**TO LABOR LEADERS** — and the nation too — the secretary of labor post now means far more than it has for almost 50 years. Today, under the Landrum-Griffin law, the secretary of labor literally is the most powerful Cabinet member on the home front.

His investigatory powers on the industrial front — and what front is more important to the land than this bread and butter and profits area — are stronger even than that of the attorney general and the secretary of the treasury.

Add this to his influence during strikes and the setting of wages for millions of workers and you

There are Hatfield - McCoy feuds on the missile front from Florida to Alaska. Much of the battling is between local unions scrapping for jurisdiction over jobs.

Furthermore, President-elect Kennedy and his "chief of staff" Bob Kennedy now want fair but energetic enforcement of the new labor law.

The unions and the White House leadership believe they can get this from Jim Mitchell.

They have still another problem: unions as the delays are for the

nation's prestige in the race for space.

Jim Mitchell diplomatically settled the Canaveral brush war. He has the touch. Many of labor's topside would like to see him have the labor secretary's shop.

## Granges

**Subordinates**  
Salem Grange has received an award and a seal from the State Grange for participation in the 1960 Community Service contest. The secretary, Mrs. James Zimmerman, also received a certificate from State Grange for her meritorious service.

Announcement of the awards was made at Friday night's meeting in the Grange Hall. The master, James Zimmerman, was in charge.

A cash donation was made to the Columbiana County Welfare Children's Christmas fund, and members voted to join another group in contributing to the Blaine Hart car fund.

The theme of the program presented was, "Preparing for Christmas." Roll call, "A Little Gift I Want for Christmas;" poem, "Getting Ready for Christmas," Clyde England; everyone participated in a game, "Rhythical Numbers."

Instead of a gift exchange at the next meeting, juvenile members are to bring money, with which fresh food will be bought for a needy family.

Refreshments were furnished by Daryl and Dwayne Doyle.

juveniles, "Silent Night;" reading, "Why Do We Give at Christmas," Galen Greenisen; piano solo, "Rainbows and Sunsets," Peggy Zimmerman; reading, "Have We Forgotten Anyone," Mrs. Charles Vincent.

Subordinate members are to bring food, clothing or toys for local needy families to the next regular meeting, Dec. 18. This project will take the place of a gift exchange.

**Juveniles**  
The Salem Juvenile Grange met at the hall, with Deborah Hart, acting master. Judy Zimmerman presented the program:

# Ann Landers

## ANSWERS YOUR PROBLEMS

Dear Ann Landers: I got myself into a little jam and I don't know how to get out of it. Please help me.

My husband died several years ago and I was lonesome. I started to go with a nice man, I will call him Mike. Mike lived with his mother and he was very attached to her.

Last year when his mother died, he really took it hard. I felt sorry for him so I invited him to move into my home "temporarily."

He never has given me a dime to help out with the groceries or the rent. He tells me to keep beer in the icebox and plenty of cigars around. I cook for him, do his laundry and pay his cleaning bills. He never mentions marriage any more.

Yesterday he hit me with his lunch bucket because I fixed him cheese sandwiches three days in a row. I love Mike and I don't want to go on living this way. I want marriage but I'd hate to frighten him off. Please tell me what to do. —JAMMED UP.

Dear Jammed: Quit packing his lunch and pack his clothes. Mike never will marry you if you let him hang around and freeloade. Why should he? He has room and board, a cook, maid, laundress, beer, cigars and companionship at no cost. If he's so delicate that the thought of marriage frightens him, you'd better find out now.

### Second-Hand Rose

Dear Ann: I am a girl, 13, who tries to look nice at all times. I'm not clothes crazy or anything like that but I don't want to go around looking like a drip either.

My mother has a friend who keeps giving me clothes her granddaughter outgrew some time ago. Even though they are in pretty good condition they don't fit right. Anyone can see that these dresses once belonged to someone else.

### Columbiana

I have enough clothes and I don't need any more but my mother says I will hurt this friend's feelings if I refuse to accept them. My father sort of sides with me. You could tip the balance. Please help me. —NOT UNGRATEFUL

We'd like to get rid of her but maybe the next one would be worse. What is your opinion? —TOOZIES.

Dear Tooziess: It sounds as if you two have a good thing going for you. "The Pill" you described is the kind of roommate most gals would adore. There are worse faults than not being able to dust properly. If you start looking for a replacement you'll find out what they are.

Dear Not: Your mother's friends feelings are important—but so are yours. Suggest to your mother that she give the dresses to Goodwill Industries or a welfare agency that can make good use of them.

### Lucky Girls

Dear Ann: Three of us working gals share a lovely apartment. Mary and I get along fine—but the third gal, Brenda, is a pill. She monopolizes the phone and does less than her share of cooking.

When it's her turn to dust she drags the cloth over the table with one flick and calls it finished. She does have good points, too. She's good-looking, has more dates than she can handle and is generous with the overflow.

Also she makes more money than we do and pays the phone and gas and electric bills. She knows a guy who is a butcher in

A tool grinder, he was employed by the Harrold Tool Co. until his retirement seven years ago.

He was married to Agnes Kenzig Aug. 2, 1904.

Besides his wife, he is survived by a grandson and four great-grandchildren. A daughter, Mrs. Virginia Horton, died in 1957.

Service will be Wednesday at 2 p.m. at the Fry Funeral Home, with Rev. William Longsworth of the Columbiana Methodist Church officiating.

Burial will be in Columbiana Cemetery.

Friends may call at the funeral home Tuesday from 7 to 9 p.m.

### Two Persons Hurt In Road Mishaps

Two persons were slightly injured in two crashes on area highways Sunday.

State highway patrolmen said a car driven by Robert R. Diehl, 49, of Lazonia, Mich., struck the side of an auto operated by John W. Patrick, 71, of Youngstown on Rt. 7, just north of Boardman, at 11:50 a.m.

Mrs. Mary Patrick, 70, wife of one of the drivers, suffered bruises of the legs and was to be treated by her family physician.

Patrolmen said Patrick pulled out of a side road into the path of the other auto. He was cited for failure to yield the right of way.

An auto operated by Evald C. Jorgensen, 64, of Los Angeles went off the left side of the road and crashed into a tree on Rt. 30, near Kensington, at 5:10 p.m.

He sustained lacerations of the head and was treated by a Hanoverton doctor.

Patrolmen arrested him for driving left of center.

### Elks Honor Departed Members At Service

The Elks Lodge held its annual memorial service Sunday afternoon in the Elks Home, with 50 in attendance.

Raymond Stiver gave the eulogy which paid tribute to four members who died during the past year. Russell J. Burns, Daniel M. Butler, Ralph E. Davis, all of Salem, and Fred C. Burson of Lisbon.

Appraisers are also working in the Lacroft area and in the area just south of St. Clair Township.

Weather permitting, the outside reappraisal will be completed in the county sometime in February.

**COUPLE FOUND DEAD**

CINCINNATI (AP) — A Cincinnati couple was found dead in their apartment home Sunday, victims of carbon monoxide fumes, police reported. Police broke in at request of the landlord and discovered the bodies of Joseph Wilmes, 72, and his wife, Rosella, 55, in a room with an unvented space heater going full blast. Neither had been seen since Wednesday, police said.

## Columbiana Church Circle Plans Party, Installation

COLUMBIANA — A new slate of officers will be seated when the Towson Circle of the Presbyterian Church holds its Christmas party and installation Wednesday at 7:30 p.m. at the church.

The officers are: Mrs. Ira Dalrymple Sr., president; Mrs. Florence Campbell, vice president; Mrs. John Berchtold, recording secretary; Mrs. Orin Lewton, treasurer; Mrs. Ralph O'Neill, corresponding secretary, and Mrs. Eugene Crawford, flower secretary. Mrs. Clifford Esterly will have charge of devotions for the pro-

gram. Mrs. Robert Esterly and Mrs. John Dowd are co-chairmen for the program, which will feature a demonstration on Christmas decorations by John Golden of Golden's Flowers. A 50-cent offering will be taken. Hostesses for the evening will be Mrs. Boyd Cunningham and Mrs. William Stockman, co-chairmen; Mrs. Regis Boring, Mrs. Hayes Armbrust and Mrs. James Barrow and Mrs. Ruth Lehman.

**ANNUAL CHRISTMAS PARTY**

of the Daughters of the King of Jerusalem Lutheran Church will be held Tuesday at 7:30 p.m. at the church. Husbands will be guests. A 50-cent gift exchange is scheduled. The committee for the evening includes Mrs. Grace Kuhlman, Mrs. Mabel Lennig, Mrs. Louise Schach, Mrs. Britha Simpson, Mrs. Cera Yarian and Mrs. Lena Yarian.

Mrs. Louise Gormley, acting postmaster, has announced a schedule of additional hours for the service windows at the local office during the annual Christmas rush of business.

She said the windows will be open from 8:30 a.m. to 5 p.m. Monday through Saturday. Normally, the windows are closed on Wednesday and Saturday afternoons. Mrs. Gormley suggested the best hours to visit the post office for mailing parcels and purchasing stamps—the period when the rush is the lightest—before 10 a.m. or between 1:30 and 3:30 p.m.

**DONALD HEPP**, a case worker for the Columbiana County Welfare Department, will speak at the Rotary Club meeting this evening at Valley Golf Club. William Newell is program chairman.

Five new members may be added when the Columbiana Volunteer Fire Department meets today at 7:30 p.m. in Town Hall for its monthly session. The company recently was authorized to expand its membership to 30 men.

**600 Enjoy Players' First Presentation**

Approximately 600 persons attended the Tri-County Players presentation of "The Man Who Came to Dinner" Friday, Saturday and Sunday evenings at the Strand Theatre in Sebring.

This was the first production of the newly-organized group, and was well-received by the audiences. Mary Lou Conroy of Alliance directed the three-act comedy, assisted by Walter Taylor of Salem. Dr. Gene Shafer of Sebring was the producer.

Those from Salem taking part in the play were Jack Pike, Barbara Shepard, Robert Court, Barbara Tietjen, Lloyd Field and Mr. Taylor.

Another play is being planned for March.

York for a series of conferences to continue through Wednesday.

A Kennedy aide said the president-elect had made no decision regarding his choice for secretary of state or ambassador to the United Nations.

Kennedy's study committee for the planning of federal aid for areas of chronic unemployment is made up of business, labor, government and civic leaders.

The committee will concentrate on the situation in West Virginia.

Bu. Kennedy said the group's recommendations will be the basis for an aid program for other areas with the same problem. He said these include Southern Illinois, Eastern Kentucky, Southern Indiana, Pennsylvania coal and steel areas, and the Minnesota iron range country.

Twenty-four took the achievement tests in the afternoon.

Three similar examinations will be given during the school term.

Any student wishing to take the tests should make application to the College Entrance Examination Board, Box 592, Princeton, N.J. and pay the costs in advance, Monda said.

**DARNE WOMEN CLERKS**

CINCINNATI (AP) — A would-be thief lost his nerve Sunday when a delicatessen clerk, Vivian Roberts, 33, told him "You don't scare me," and threw a soft drink bottle at him. The bottle hit him on the leg and he ran from the store, police reported.

(Chapter One)  
The Lucky Find

Once upon a time, in a little village by a faraway sea, there lived a boy named Michael McBurney. His father was a fisherman but times were hard. There were many other fishermen in the little village and not many buyers of fish could be found. Michael's mother mended nets to earn a few extra pennies and the family just managed to get along.

Michael did not mind being poor. His one great love was the sea and that was free. Every day he played in the water that lapped the village shores. He swam and rowed and skipped stones. He fished and searched for shells. All these things cost him nothing and he was very happy.

But he was happiest of all when he sat on the rocky cliffs above the village and stared across the sea, listening to secret sounds no one else could hear and seeing strange things no one else could

see. This may sound impossible but it was true nevertheless. Thing's often happened to Michael that no one, not even his mother, would ever believe. Yet, when people scoffed at his stories, there was always something they couldn't explain.

FOR INSTANCE, one stormy night, Michael was awakened from a deep sleep. He heard the wind racing around the eaves and the rain thrashing against the window panes. He snuggled deeper in the covers and was almost asleep again when suddenly he heard a cloppety-clop, cloppety-clop right over his head!

He sat up in bed and his mouth fell open as he strained to hear. There it was again—cloppety-clop, cloppety-clop—clear as could be.

Michael tore from his bed and raced to his parents' room.

"There's a horse! A horse on the roof!"

His father was angry at being awakened and his mother told Michael it was a dream and sent

him back to bed. But the next morning he still insisted it had been so and when he went outside he found a horse shoe lying at the door.

Triumphantly he carried the shoe to his parents, crying, "Look! I told you, I told you!"

Still his father scoffed. "It was probably thrown there by someone from the road. Forget it now—it's just another of your wild ideas."

But there was a look of wonder in the old fisherman's eyes as he turned away from his son.

# Browns Defeat Redskins, Set Sights for 2nd Place

Plum Tosses 3 TD Passes, Has 1 Intercepted in 27-16 Win  
Runnerup Teams in Two Divisions Will Meet in Postseason Clash

By FRITZ HOWELL  
Associated Press Sports Writer

CLEVELAND (AP)—Only one team in the National Football League has a better record than Cleveland—but the Browns are out of the championship race while almost a half-dozen teams are still in it.

After trimming Washington's Redskins, 27-16, before 35,211 Sunday at 6-3-1 record, Coach Paul E. Brown mused:

"Maybe we are in the wrong division. If we were in the Western Conference we'd be leading it—but Philadelphia has clinched our half and we're out of it."

The Brown saga is an unusual one. The Cleveland club boasts the league's top passer in Milt Plum, the No. 1 ground gainer in Jim Brown, the second best scoring total and the best defensive total.

But the Browns have dropped three games—two by four-point margins and one by two.

**Eye Postseason Clash**

The runnerup teams in the two divisions meet Jan. 7 in Miami's Orange Bowl in a postseason clash—and the Browns have an eye on the free Florida vacation. But after playing the Chicago Bears here next Sunday in their final home game, the Clevelanders must dispose of their old nemesis, the New York Giants, in the season's finale, to assure the southern jaunt. The Giants have won six in a row from the Browns, so the outlook isn't exactly rosy.

"On Sunday's fray, Brown said: "Our kids thought it was the poorest we've played in a long time. I think so, too."

Plum had his poorest passing day, on percentage, as he connected for only 10 of 28. However, he made them pay off for 212 yards and three touchdowns. He has completed 123 for 198 for 1,917 yards and 16 touchdowns this season.

Jim Brown rushed for 135 yards in 15 tries, a nine-yard average, to boost his output to 1,047 yards in 169 jaunts this year. He erased the last of famed Marion Motley's Cleveland records from the books as he ran his four-year rushing total to 4,845 yards in 926 tries. Motley, in eight years and 826 attempts, gained 4,712 yards.

The Browns were forced to come from behind twice to era-

that was that."

Plum hit Brown with a 30-yard "safety value" scoring pass to tie it, but Washington moved ahead on 37 and 31-yard field goals by Bob Khayat.

Sam Baker kicked his 11th field goal of the campaign to send the Browns up to a 10-13 deficit, then Plum uncorked a 12-yard scoring pass to Rich Kreitling and a 29-yarder to Bobby Mitchell to put the Browns ahead, 24-13, at the half. In the late going Khayat contributed a 35-yard field goal and Baker a 15-yarder to round out the scoring.

Ralph Guglielmi, former Notre Dame quarterback from Columbus, completed 17 of 28 passes for the Redskins, but they were good for a gross of only 125 yards—and he was thrown for 72 yards in losses. Big Paul Wigglin, Cleveland defensive end, was a nuisance to Guglielmi, as he caught him four times in the fourth period for a total loss of 46 yards, and Walt Michaels pinned him for an 18-yard loss in the same session.

**Scotti Makes Daring Interception**

Plum, who had gone all season without allowing a pass interception, finally surrendered on his 26th toss—his 196th of the campaign. Ben Scotti, second year man from Maryland, made the daring catch and ran it back 30 yards.

Scotti said after the game:

"I have been studying the Browns' films, and they throw that long one to Ray Renfro about twice a game. I told the other boys that if they tried it against me, I'd intercept one. Renfro had me beat by a step or two, but I decided to go for broke and I grabbed for the ball. If I had missed it, Ray would have had a touchdown, for he was in the clear and going away."

Plum, not too upset by the wreckage of his record, observed: "I thought it was a perfect pass. I saw Ray in the clear, and said to myself 'There's a touchdown when I let it go. But Scotti came from no place to grab it, and

that was that."

## Salem Football Squad Honored at Banquet

Ron Janovec, Don Davidson and Fred Flory received special awards at the Salem High Football Banquet Saturday night at the Memorial Building with 272 persons in attendance.

Janovec, a 200-pound senior fullback who was the team's top ground gainer and scorer this season, was presented the Most Valuable Player trophy, sponsored by the Salem News. His selection was made by the players in a secret ballot at the close of the season.

Davidson received the Salem Booster Club Trophy after being voted by the backfield as the Most Valuable Lineman.

Flory, little 138-pound senior center, was presented the Knights of Columbus trophy for scholastic excellence. This award is presented annually by the K of C to the athlete compiling the best grades in the classroom while playing a three years of football at Salem High.

DAVIDSON ALSO received a trophy from the Booster Club for being named a defensive end on the All-Ohio first team this season by the Associated Press.

The Most Valuable Player and the Most Valuable Lineman trophies are both kept on display in the trophy case at the Senior High School.

John Michelosen, head football coach at the University of Pittsburgh, was the speaker at Saturday's banquet. He discussed some of the characteristics an athlete must have to be a champion. Michelosen listed these characteristics as 1. spirit of competition; 2. intelligence; 3. sense of humor; and 4. loyalty.

Lou Slaby, former star fullback at Salem and a member of the University of Pittsburgh varsity this year as a sophomore, attended the banquet. He was presented a plaque by Booster Club President Walt DeJani for being named to the National High School All-American football squad during his senior year at Salem High. Lou received honorable mention on that squad.

### 10th Club Must Play In Rose Bowl

## AL Gets Okay to Go to Los Angeles In '62 -- If

By JOE REICHLER  
Associated Press Sports Writer

ST. LOUIS, Mo. (AP)—The American League has been given the green light to go to Los Angeles next year—if.

The big if is that the league's 10th club must play its home games in the Rose Bowl in Pasadena.

That is the stipulation Dodger owner Walter O'Malley and Na-

tional League President Warren Giles gave to a committee to present to the American League at today's meeting.

A counter proposal that would allow the new Los Angeles club to play its home games either in the Coliseum or in Wrigley Field was rejected by O'Malley.

A committee of club representatives met in the commissioner's suite late Sunday night in an 11th-hour attempt to reconcile differences between the two leagues and pave the way for the American League's expansion to 10 clubs in 1961. Giles and Joe Cronin, president of the American League attended the special conference.

Cronin and Giles appeared optimistic.

"I'm confident that something will be worked out," said Giles. "It may not make everybody happy, but it won't be a fight."

The Rose Bowl is a football stadium that seats 100,000. It is about 15 miles from Chavez Ravine, where O'Malley is building a stadium for his Dodgers. The park is expected to be completed sometime in 1962. The Dodgers now use the Coliseum.

The American League is not completely happy with O'Malley's compromise proposal. Some owners feel the Rose Bowl is not suitable for major league baseball.

Four groups are bidding for the franchise. The successful one will be a group that includes Gene Autry and Bobby Reynolds, former Stanford tackle, Kenyon Brown, Los Angeles TV executive who formerly headed the group, will play a major role in the new operation.

The American League has asked O'Malley to meet with Autry and Reynolds today. The Dodger owner indicated he would.

# Eagles Clinch Conference Title by Beating Cards 20-6

## Western Division Still In Scramble

Lions Beat Colts; Packers Trounce Bears; Dallas, Giants Play to Tie

By MIKE RATHET

Associated Press Sports Writer

The National Football League championship game will match Philadelphia's streaking Eagles against Baltimore or Green Bay or San Francisco or Chicago or Detroit.

That was the situation today, with only two weeks left in the regular season.

The Eagles clinched their first Eastern Conference title since 1949 by whipping the St. Louis Cardinals 20-6 Sunday for their ninth consecutive triumph.

The Baltimore Colts, seeking to gain a playoff berth for an unprecedented third consecutive time, were beaten by the Detroit Lions 20-15 when Earl Morrall connected with Jim Gibbons for a 65-yard touchdown pass on the last play of the game.

The loss dropped Baltimore into a three-way tie for first place in the Western Division with Green Bay and San Francisco, all with 6-4 records, while Chicago (5-4-1) and Detroit (5-5) remained solidly in contention.

The Packers, getting a 23-point performance from Paul Hornung that gave him 152 for the campaign and broke Don Hutson's 1-year-old, one-season scoring record, walloped the Bears 41-13. The 49ers moved into position by blasting Los Angeles 23-7 before a crowd of 77,254.

The Cleveland Browns grabbed the runner-up spot in the East with a 27-16 victory over Washington while winless Dallas tied the New York Giants 31-31.

Norm Van Brocklin passed for two touchdowns and Bobby Watson kicked a pair of field goals for the Eagles (9-1). Van Brocklin hit Pete Reitzlaff with a 22-yarder, which put Dallas within range.

## Sports Glances

By DICK BRAUTIGAM

It seemed to be with an apology that the Ohio High School Football Coaches Association announced Saturday its selection of players who will appear next Aug. 12 in the annual North-South All-Star grid game at Canton.

Fritz Howell, Associated Press sports editor, reports that the northern mentors who picked a 22-man squad admitted there were some flaws in the selection system and urged that it be overhauled before next year.

Alliance, the No. 3 team in the state and Sandusky, the No. 4 team both failed to place a man on the Yankee squad. Even Charlie King, the Aviator backfield flash voted the best in the state in the All-Ohio balloting, wound up as a fifth alternate.

IT'S HARD TO FIGURE how King can be the best back in the state yet only the 11th best in Northern Ohio.

It's also a little hard to comprehend how a team like Shelby, which failed to draw one vote in the final AP poll, can have two players named to the 22-man North squad.

We are told that the Coaches Association has a point system it uses in determining what players are picked to play in the All-Star game. Among other things, players are supposed to receive points for each game their team wins and for being named to the All-Ohio teams announced by the press services.

A peek at this year's selections would seem to indicate that the best way to pick up points is to know the right coaches. Actually this type of dealing is nothing new for this particular game.

## Volleyball League

### Starts Tonight

The City Adult Volleyball League opens tonight at the Memorial Building where three games are on tap.

Twelve teams have entered the loop. Matches will be played on Monday, Wednesday and Thursday at 6:30, 6:15 and 7 p.m. Teams in the league are Hunt Plungers, Post Office (last year's runner-up), Arndt Insurance, Hunt Quick as Wink, Bliss Co., Electric Furnace Engineering, Kiwanis (defending champion), Deming Co., Eljer Co., Electric Furnace Office, Bayless and Salem Concrete Co.'s.

The schedule for tonight pits Hunt Plungers against the Post Office at 6:30, Arndt Insurance against Salem Concrete Co.'s at 6:15 and Hunt Quick as Wink against Bayless at 7 p.m.

The 1959-60 champions, Kiwanis Club, will open at 6:15 p.m. Wednesday. They will be opposed by Hunt Plungers.

Pete Richert, fanning 251 in 225 innings for Atlanta, was the Southern Ass's. rookie of the year in 1960.

## Ohio U. Gets 6 on All-MAC Squad

### Bowling Green Places Two on First Team

COLUMBUS, Ohio (AP) — Ohio University, the nation's No. 1 small college football squad, grabbed six berths on the All-Mid-American Conference team selected by the loop's seven coaches and announced today.

The Colts scored what appeared to be the winning touchdown with 14 seconds left when Johnny Unitas, who had previously unleashed an 80-yard TD heave to Lenny Moore, fired a 34-yard scoring aerial to the fleet halfback for a 15-13 lead. But Morrall, on the bench for the first three periods, completed a 17-point fourth-quarter surge for Detroit by whipping the clincher to Gibbons following the kickoff.

Hornung carried the Packers to their overwhelming triumph against the Bears by scoring twice on a 10-yard run and a 17-yard pass from Bart Starr, kicking two field goals and five conversions while eclipsing the NFL scoring record set by Green Bay's Hutson in 1942. Chicago's touchdown came on a 19-yard Ed Brown to Willie Deweaver pass and a 20-yard toss from Zeke Bratkowski to Jim Dooley.

The 49ers, using the double wing offense that proved effective in last week's triumph over Baltimore, built a commanding 10-0 halftime lead over Los Angeles (3-6) on a 10-yard scoring jaunt by C. R. Roberts and the first of three field goals by Tommy Davis. A 65-yard TD strike from John Brody to Clyde Conner rounded out San Francisco's scoring before the Rams rallied on Frank Ryan's two-yard sneak.

Eddie LeBaron's nine yard touchdown toss to Bill Howton in the final period gave the Cowboys their tie with the Giants (5-3-2) after L. G. Dupre scored three TDs, two on LeBaron passes, to keep Dallas within range.

### FIRST TEAM

Ends—Bob Smith, Toledo, 6-4, 193-pound junior from Warren, and Bob Gusbar, Kent State, 5-11, 180-pound senior from Tallmadge.

### Tri-County Football Trophies to Be Given

LISBON — Football winners' trophies will be presented Thursday evening when the Tri-County coaches and school officials meet at 6:30 p.m. in the Wick Hotel for a dinner meeting.

East Palestine and Poland, co-champions, will receive the awards. Supt. Russell Armitage of Lisbon schools, president, will preside.

Coach Fred Schaus of the Los Angeles Lakers calls Jerry West "the tallest 6-foot-3 player" he ever saw. Both went from West Virginia to the National Basketball Assn.

Like Salem's Blaine Morton, Earl Bruce reports he is losing his entire offensive unit this season at Sandusky through graduation.

## Sevenich, Gullet Win Awards

## Leetonia OSI Fetes High School Gridders

Seniors Joe Sevenich and Bob Gullet were named most valuable lineman and most valuable back, respectively, at the Eighth Annual Leetonia OSI football banquet honoring the Leetonia grididers before some 100 persons Saturday evening.

Both boys will receive their trophies at an all-sports banquet in the spring. However, Sevenich did receive a trophy for being named to the all-Ohio Class A first team. The award was made possible by the Leetonia Boosters Club and banquet toastmaster Frank Citino introduced many guests who paid tribute to the Leetonia team.

President of the Leetonia OSI and banquet toastmaster Frank Citino introduced many guests who paid tribute to the Leetonia team.

Among the visitors were Ralph Kennedy, mayor of Leetonia; Dr. W. Gephart, superintendent of schools; Paul Conrad and Jack Ripley, board members; George King, Eric Painter and Joe Gallo will serve as tri-captains for the 1961 football season.

Farrah also introduced his assistant coaches, Len Batcha, Paul Frank and junior high mentor, Virgil Roman.

TONY MASON, head mentor of the Niles McKinley Red Dragons, voted the second best football team in the state, and the recently elected head coach of the North All-Star squad, was the main speaker.

Mason, very dynamic speaker, spoke on excellence, courage, spiritual soundness, desire and respect.

"There is no glorious defeat. You always play to win," informed Mason. The colorful coach said, "We (Niles) pray before the game, at the half and after. Without religion you cannot become an athlete or anything else."

Mason also said, "You must want to excel. There is no place like first place and you must fight to stay there. If you lose and enjoy it, it might become a habit of

## North Lima Takes 83-63 Drubbing From Canfield

Paced by big Bill Alcott with 21 markers the powerful Canfield Cardinals rolled to their second straight triumph of the season by beating the North Lima Zippers, 83-63, at Canfield Saturday night.

Canfield is 2-0 and the Zippers are 0-2 on the season.

Five men hitting in double figures for the Cardinals rocked the North Lima five. Supporting Alcott were Briggs, Dove, Koning and Baehler with 14, 13, 12 and 11, respectively.

Ward Manchester led all scorers by connecting on 11 fielders and five foul shots for a total of 27 points for the Zippers.

## Wisconsin Rolls Over Air Force

## Iowa, Indiana, MSU Win Big Ten Contests

By The Associated Press  
Big Ten basketball teams, with six nonconference games on schedule tonight, will try to better a shaky opening week which resulted in an even split in 16 games against outside foes.

Iowa, led by junior Don Nelson, was the only team with two games played that stayed undefeated. Nelson whipped in 31 points to lead the Hawkeyes to an 83-71 victory over Evansville Saturday.

Indiana, Michigan State and Wisconsin also were victorious Saturday. But Northwestern lost to Kansas 86-89, giving the Wildcats a 1-1 record, and Michigan, Minnesota and Purdue were dealt second defeats without victory.

The Wolverines, despite John Tidwell's 30-point spurge, lost to Tennessee, 75-64; Minnesota was edged by Oklahoma, 60-56; and Purdue dropped a 63-59 decision at Penn State as Terry Dischinger was held to 14 points.

Indiana, expected to battle NCAA champion Ohio State for the Big Ten championship, opened by romping over Indiana State, 80-53. The Hoosiers used 13 players, with big Walt Bellamy tossing in 20 points.

Wisconsin, squaring its record at 1-1, defeated Air Force, 80-67.

Michigan State had to go overtime to pull out a 77-71 triumph over Butler.

Iowa (2-0), Ohio State (1-0), Illinois (1-0), Indiana (1-0) and Michigan State (1-0) remain undefeated.

Tonight's schedule pits Wisconsin at Iowa State, St. Louis at Ohio State, Northwestern at Wichita, Minnesota at Missouri, Michigan State at Bowing Green and Indiana at Kansas State.

## 80-67 Licking

Jim Santelli poured in 27 points to pace the Wampum, Pa., Indians on a 80-67 victory over East Palestine Saturday at Wampum, despite 34 markers by the Bulldogs' Jim Hartshorn.

East Palestine suffered its second straight loss. Wampum is 2-0.

Helping Santelli in the scoring was Allen with 18, Grinnan hitting 19 and Fontanella chipping in with 16.

Jerry Bush accounted for 12 tallies in a losing cause.

Wampum led from the opening jump as they grabbed quarter scores of 17-16, 41-32 and 65-44.

A 24-point spurge in the third canto by the Indians carried the encounter out of the visiting Ohioan's reach.

## WAMPUM—80

Allen 8-2-18; Grinnan 8-3-19; Fontanella 8-0-16; Santelli 9-3-27; Wilson 1-0-2; Bennett 0-0-0; Wala 0-0-0.

## GOING TO BLAZES

**T**HERE'S A SCHOOL in Austria where the students have a "burning" desire to make good. It is the Viennese School for Fire Fighters, where volunteer fire departments from all parts of the nation can send their men for the latest in techniques. Students have to race up towering, shaky ladders and dive from great heights into small nets. Bankers, storekeepers and other civilian volunteers learn to become sharpshooters with a fire hose. They even have to "hit the target" when they use the fire hose. They learn their lessons at the cost of aches, bruises and burns, but when they finish the course, they are crackjack firemen ready to defend their home villages against fire. Here are some glances into this "four alarm" school where everyone stays alert.

## How Acne Becomes Disturbing

The facial eruption of acne is of minor importance in terms of disease. Yet the untimely appearance of a single pimple may send the sensitive adolescent into a mental tail spin. And a series of these unattractive blemishes may have an adverse effect out of all proportion to their medical significance.

Indeed, according to British press reports, the recent suicide attempt of a prominent movie personality was attributed to a persistent acne by a specialist who saw her in consultation.

Perhaps the following explanation of the nature of the disturbance will help to place acne in its proper perspective and encourage parent and child to make a sustained effort to carry out the home plan of treatment that I will outline later.

Under ordinary circumstances, oily sebum escapes from skin pores and lubricates surrounding area. But under the abnormal conditions that prevail in acne, the paste-like secretion plugs the channel (duct) that extends from the gland in the underlying derma, through the many layers of the overlying false skin or epidermis, to the surface.

What you recognize as the "whitehead" is the tip of this plug of pasty sebum. When soot or dirt discolors this tip, you refer to it as a "blackhead."

NOW THERE ARE countless bacteria of different species that live on our skin surfaces. Sooner or later, some of their numbers discover that the pasty plug is to

their liking and they begin eating their way down until they reach the glands in the true skin. That's the start of the pimple.

The overlying epidermis reddens and is sore to the touch. After a few days, the redness turns to a yellowish white as the plug is replaced by pus composed of millions of dead bacteria, a somewhat lesser number of your cellular defenders and a good bit of the duct wall that has been destroyed during the battle between these opposing forces.

SHORTLY THEREAFTER, pus breaks through the outer layer of the epidermis. Or it is released by gentle pressure or the tip of a sharp instrument. Now, your construction battalions get to work to reconstruct the damaged duct and gland.

If the damage has not been too great, they do their job with such skill that all traces of the battle are wiped out. But if the damage has been excessive, you're left with a pitted scar that's something like a miniature shell hole, marking the spot where the bomb dropped.
